Mary

Name the utility that automatically builds the executable and libraries from source code which was originally created by Stuart Feldman in 1997 at Bell Labs?

Make

A scene from the television series Star Trek: The Next Generation. The background shows several characters in a dimly lit room with blue ambient lighting. A large, stylized text overlay in a light blue, hand-drawn font asks, 'Which company developed the IRIX computer operating system?'. Below the text is a horizontal line with a small square in the center and circles at each end. At the bottom center, the letters 'SGI' are written in a bold, light blue font.

Which company developed
the IRIX computer
operating system?

SGI
